## **PENETRATING TEMPORALITY**

September 16, 2022

*The life time of modern individuals and communities is multifaceted, nonlinear and turbulent. The purpose of the conference is to discuss the object–subject nature of the temporalism of modern science, the dissipative temporality of everyday life, cultural and historical memory of generations, social and psychological reality, emotions, as well as concepts, experiences, metaphors of social care*

- Temporality of science and technology: social, historical, cultural contexts
- The explosive nature of modern temporality
- Discreteness and reversibility of the temporality of emotions, social integration
- Contractions and fractures of crisis temporality
- Subjectivity of the post-non-classical paradigm of time for different generations
- Bifurcations and points of no return of socio-psychological systems
- Symbolic memory cards: outlines, texture, traces
- Dissipative nature of the modern scientific picture of the world
- Time and timelessness: experience, communication, metaphors
- Temporal threads of social care in the gaps of modernity
